She'll also share general tips on citrus care and troubleshooting. Our garden paradise can be shattered when a gopher, vole, or mole takes down a bountiful plant. Let's discover how to manage these pests with a less toxic approach. Pam, the author of 'Golden Gate Gardening', offers advice on what to plant, when to plant, and how to handle uneven production. March 9, 5pm Register for this free Zoom webinar. A drought-tolerant garden need not be a lonely cactus in a sea of rocks! You will come away inspired and with a deeper understanding of gardening with limited water. We hope you'll join us! March 19th, 10am Register for this free Zoom webinar. California receives little to no rain in the summer, which is typical of Mediterranean climates. Houseplants can attract several common pests, like scale, spider mites, and mealybugs. This is a must for anyone who has these lovely plants in their garden. This webinar is highly recommended for anyone who grows Japanese Maples. Each season we select from our skilled team members and local gardening professionals to teach webinars in our popular gardening education series. Highly recommended for every level of gardener! March 26th, 10am Register for this free Zoom webinar. We can teach any gardening subject to your online group. You'll also learn tips for how to effectively water houseplants, and the best fertilizers to keep plants in optimum health. Join us to learn strategies from Master Gardeners on how to reduce the risk of wildfires in fire-prone California by protecting and hardening your home to create firewise landscapes. Paul will demonstrate how to attach the plants, the benefits of the various mediums, and general care. Let's change the weeding game from exasperation due to a yard full of weeds, to a systematic approach of sustained control. Learn from Master Gardener Dawn Kooyumjian about our unique climate, and how plants in many parts of the world have adapted to growing regions with little to no summer rain. Join us! * Note: As the Zoom webinar host, Sloat Garden Center respects user privacy and does not share or use any information provided to Zoom. Joan Pont from the CNPS teaches this informational webinar that dives into plant evolution with respect to garden weeds. 12th, 10am Register for this free Zoom webinar. Our Water Our World's Suzanne Bontempo is back to show us how to take care of houseplants organically. Call one of our locations directly and we'll be happy to check. March 23, 5pm Register for this free Zoom webinar. In this class you'll learn how to turn the idea of eating year-round from the garden into a reality. She'll also present delicious recipes that utilize produce you can grow throughout our region; from the coast to the hot-summer inland. Feb 16th, 5pm Register for this free Zoom webinar. Elizabeth will provide techniques, strategies, and troubleshooting tips for overall health, shaping, and encouraging blooms for the following season. March 2, 5pm Register for this free Zoom webinar. We welcome back pruning expert Elizabeth Ruiz — she'll share techniques to effectively prune these beautiful winter-blooming shrubs. Customized virtual classes are an additional charge. Learn how to prepare soil, choose plant combinations, and strategies for a successful growing and harvesting season. Feb 26th, 10am Register for this free Zoom webinar. As gardeners we spend a lot of time and energy creating our garden havens. Join us for this highly popular class with pruning expert Elizabeth Ruiz. Feb 19th, 10am Register for this free Zoom webinar. Growing your own garden-fresh food tastes good, adds to life's joy, and can save money. Japanese Maples can be an amazing architectural element in a garden, with proper pruning. We're happy to have aesthetic pruning expert Elizabeth Ruiz back as she shares techniques for pruning these beautiful trees. Elizabeth's expertise and enthusiasm make for an excellent presentation. This webinar is ideal for every level of gardener. Our live Webinars are free to attend. She'll demonstrate how to effectively prune citrus for a successful harvest. A must for every level of gardener. March 5, 10am Register for this free Zoom webinar. Firewise Landscaping: Strategies to Prepare Your Home and Property from Wildfire (with Steve Danziger and Hedwig Van Den Broeck) Although wildfires may have a beneficial impact on ecological resources, wildfires can have a devastating impact on the communities affected by wildfire activity. (recipe handouts and links provided). Yes, elbow grease is involved! Identification, tools, and techniques will be discussed. It's so disappointing, but we have an eco-friendly solution! We're happy to welcome back Suzanne Bontempo (from Our Water Our World) to share ways to manage and prevent these critters from wreaking havoc. Feb 9th, 5pm Sign up for this free Zoom webinar. We welcome back Paul Bourbon of the SF Orchid Society; he'll share how to effectively display orchids, bromeliads, and tillandsias vertically. This is an excellent class for learning how to maximize your indoor tropical oasis! Feb. Webinar recordings will be available on our website 72 hours after the scheduled run time. Popular webinar topics include: Indoor plant gardening Edible gardening Basic gardening 101 (tips on soil, fertilizer, watering) Creating a pollinator garden Contact Jen Strobel, Events Manager jenstrobel@sloatgardens.com 415-367-5200 Curious if we have your favorite plant or product in stock? This is such an exciting time of year! Our resident vegetable expert Dan Alexander is back to help us prep our spring vegetable garden. Since 2019, 20% of burned acres have been on residential property, so the threat to homeowners is something we all need to be prepared for.
