The final trades of the day with CNBC's Melissa Lee and the Fast Money traders. 5 hours ago - CNBC Television There's a daily onslaught of AI headlines and often tantalizing intraday moves notched by some related stocks. Some investors are tempted to take short-term views of the artificial intelligence invest... 1 day ago - ETF Trends Much has been made about the current state of affairs of the U.S. dollar. The greenback's slump in 2025's first six months is the currency's worst first-half showing in 52 years. 3 days ago - ETF Trends Retirement income should focus on durable, predictable cash flows with inflation protection, balancing yield and risk for peace of mind. Infrastructure assets offer stable, inflation-linked income, ma...
