

I'm not a robot

Power management

Step 3: Save Changes and Exit After enabling the desired option, press F10 to save the changes and exit the BIOS. This option controls whether the system powers up automatically when AC power is restored (such as when you plug in the power cord). After pressing the correct key, you should be inside the BIOS or UEFI settings menu. I hope this helps. Power On: This will turn the laptop on whenever it gets plugged into an electrical outlet. Sneha 01 HP support Here's a step-by-step guide on how to find and enable this setting in the BIOS of your HP laptop. Step 1: Enter BIOS/UEFI Shut down your laptop completely (not in sleep or hibernation mode). The system will restart with the new settings applied. Turn on the laptop, and immediately press the Esc key repeatedly (or sometimes F10) to enter the HP BIOS Setup menu. Thank you for posting your query. I will be glad to help you. Step 2: Navigate to Power Management Settings Once in the BIOS setup, navigate to the Advanced or Power tab. You may see a prompt to press a key for BIOS during the boot process. Rachel571 HP Support . If Esc doesn't work, try F10, which is the typical key for HP laptops. Last State: The laptop will return to its previous state (on or off) when plugged in. Take care and have a good day. Hi @Chris Pavilion Welcome to HP Support Community. The exact name of this tab can vary, but look for one of these: Advanced Power Management Options System Configuration Look for a setting called "AC Power Recovery", "Power On AC", or "Restore on AC Power Loss". Restore on AC Power Loss: Set this option to "Power On" or "Last State". Please mark this post as "Accepted Solution" if the issue is resolved and if you feel this reply was helpful click "Yes". This setting controls how the laptop behaves when it detects power after being shut down. For an HP laptop, the setting you're looking for to turn your laptop on automatically when plugged into power is typically found under "AC Power Recovery" or "Restore on AC Power Loss".
