The film is about his love, friends, rivalry and revenge.23 User Reviews16 Critic Reviews High Expectations, Big Disappointments Just because darkness is in fashion doesn't mean everyone has to. Dark cinema is art and it's not just about violence, blood, gore and sex. It may be theatrical demand, but more demand is a better scenario. It has to be realized and that realization has to come from within. Kushan Nandy tries his hand at this semi-thriller revenge drama, which he probably does looks like 'Vaseipura gang' but it could not materialize. The central character of the film takes place in a fictional part of UP, where politics is power and rules must be played, where life is hard but killing is easy. Babu Bihari - who is the killer. He kills people and is happy until one day he discovers Banka, a New Age assassin who is a fan and self-proclaimed disciple of Babu. They share an unusual on-screen bond as friends, guruchela and rivals, leading to various twists in the story. The problem with this movie is that it tries to do too many things in a short amount of time, but at the same time, Time forgets that a movie can be good with a simple story. It tries to feed the audience forced realism while introducing so many unnecessary twists that even Abbas-Mastan will question their existence. The plot is so weak that the actors abandon their characters halfway through the film. Just throwing around swear words can never make a character strong, you have to instill that fear as well. Divya Dutta can't do it in her negative role and neither can Anil George. The main characters are nothing special either; be it Bidita Bag or Jatin Goswami. Nawazuddin isn't bad either, but he set the bar so high that he didn't even reach half of his potential. His dialogues are good but it does nothing to lift the mood of the film. He is a brilliant actor but he should know that the Indian audience is unforgiving, it's just one film and it can be stereotypical. The only actor who somehow makes an impact is Bhagwan Tiwari as a cop. Although he played a similar role in Masaan, it's hard to rise above a bad story and he does it here. The only good scene in the movie is when Babu and Banke discuss inflation and their fees for killing people like normal people would do. Another good thing about the movie is its music. I'm quite open to violent cinemansults, but must be closely tied to a solid storyline. You can't just swear and call it black humor. Merely adopting the language and laws of a (minority) country doesn't make the film authentic or realistic, it just makes it a rich man's Gundu and a poor man's GoW. I know I hate to say it, but if the movie had been half as good as its first poster, it would have worked. Unfortunately, he was so dull that even Nawazuddin could not save him; at least for me.
