The Mutants & Masterminds Superhero RPG gives you all the tools you need to create the superpowers you dream of. Power Profiles give you these options... and more! There are over thirty types of powers in this book, from air and armor to water and weather, each with about twenty or more powers, described and built just like in a M&M game, book! Performance Profiles offer something for everyone. Think your ideal hero has no abilities? Think again: Power profiles include Lucky Powers, Combat Powers, and Talent Powers, special abilities that can be summed up as excellent training or skill! You can find endless ideas for M&M heroes and villains by simply turning the pages of power profiles and letting your imagination run wild, and you can direct both new and experienced players to the right section for the hero they want to play. Power Profiles contain new power options, add-ons, cons, and variations that allow you to modify basic power effects from the Hero's Handbook to create the abilities you need. Each profile contains not only powers, but also the complications associated with those powers to add extra depth to characters and help with hero scores in the game. Power Profiles greatly enhance and expand the playability of Mutants & Masterminds by taking basic effects and turning them into a variety of options for you to choose from.
