By Gonzales Coques de domínio público, Wikimedia Commons.Don't talk with your mouth full, use a knife and fork when eating sãlidos food, and don't slurp your soup. These examples sã f the three proper dining etiquette used in much of the world today. But while these things may seem normal for now we will, our ancestors probably would have tipped the upside to the side and gave us weirdã ç | Itã ç Å © a small, small world. With rãipida industrializaããã f e vã,rias revoluãããpes tecnolãgicas, the worldã ç s more connected than ever. Now we can instantly communicate with friends, family and partners, without having to wait for vã,rios days or weeks for a letter to come atravã © s our door. However, if we open our eyes and take it all, weã re able to appreciate the diverse Wed f this third rock from the sun actually Å ©. For all the f globalization has done a shrinkã ç the world, cultural Differences remain tã f o rãgida, fascinating and thriving as ever. Things that differentiate us allow us to step in and enjoy the trãjs hãbitos and customs of others. Be tongue, food, music or fashion, the world Å © more different than we think. If youã ç re lucky enough to travel and see f fraããã his, youã ç will know that you can experience the cultural variaããã f extreme after just jumping on the edge of a countryã ç s. And an area of youã ç Å © will find it in food culture. WEA estãj talking ways Å weird and wonderful table in the whole world in Plyvine today. Table manners sã f e o social cããdigos engraããadas that exist when we arrived for dinner. And, depending on circunãã ç TRENDS completely dictate how to behave in front of our peers around the table. Here in the UK, we have our usual, more formal: the burp, do the f slurping, there are elbows, and no cell phones. Is definitely on the f eating with your fingers. But as well © m have some social cããdigos nã f written the strangest, such as feeling the need to refrain from eating when youã ç re the first guest to receive your card. BRITA ç only ones, after all, the sã f often seen as a apologã © tico and self-deprecating and this Å © reflected back to the right in our cultures and values around the table. Commit any of the crimes our table manner you will land on a f situaããã the disastrous publico in as guests do anything wing © m looking, tut and shake their upside in the f direããã to their sense . Slurp your food in Japan f him, however, or eat with your fingers in MÃ © xico and bat ninguã © m's a pãlpebra. Dinner gaffe will you pull up in your next file trip abroad? Dãã a look at our infogrãfico to find out. Did you ever wondered if any of the dining customs you grew up with would be considered strange or rude in a different culture? For most from us, the dining etiquette rules learned as children sã f o tã f ingrained in our minds that it seems strange that they might differ greatly in another country. For a look at customs tã f varied as the different Ethnica kitchens, WEA will explore ways Generalã dining around the worldã ç with Thea dinner rulesã paãses Specifics label. African meals bonded f sã the African known to be extremely hospitable and generous. Å a treat to be invited to dinner at home someoneã ç s in Africa because anfitriãpes happy to entertain and care for their hããspedes. To show gratidãã f o, a guest can follow his Hosta s lideranãã and try to respect their traditional customs meals. These orientaããpes bããsicas for paãses in vã,rias regiãpes of Africa can help you dinner respectfully during a visit: Kenya Kenyan comeããã label before entering the house because itã ç Å © essential that you take shoes before walking atravã © s door. Once inside, do the up f t forget to wash the mãã f before and aft to the refeiããã f. Take your seat so that your feet © s and fingers on the f is f pointing the Any of the other hospedes or the food. Like many African countries, Kenya doesnã ç t use utensils that should be careful to eat with just the right hand throughout the meal. Morocco Muchwise Morocco ç s turns around communal eating in which the guests are eating from the communal basin closer to them. they. Eat with the right hand, while the left hand is considered impure, and never put your hand back into the communal bowl if you put it in your mouth. If you take a bone of the food, be aware that you will be expected to suck the marrow from it. South Africa due to its roots British, Urban South Africa is westernized and follows the same dining label as most Western cultures. Utensils are normal and usually performed in the same hands for the entire meal. Although much of the South Africa follows Western eating habits, ITA is better to know the basic notions of good traditional ways of South Africa for a common feed before traveling to the area. Asian Dining Costumes As the largest continent, SIA contains a variety of dining customs. In general, you should brush up in your chopsticks if you are going to dinner in the sia. Those who can not chopsticks can use them together, like a spoon and keep their bowl near their mouth to get all the crumbs. Here are some more special tips for the label panels for Asian dinner: China There are lots of different customs dinner throughout China, but itams always safe to assume that the rules of antiquity follow the oldest Dinerã ç s lead to sit down and when you start eating. Between bites, guests should never have to rest their vertically, in their bowl, because this is considered to bring Luckã, instead, you can use the pauzinho support that will probably be placed next to your plate. , Be prepared to drink a little tea and remember to touch your fingers on the table a couple of times after it's being poured out of a glass of expressing your thanks. Japan as an insular country, the Japan is known for its fresh seafood, especially sushi. While eating sushi, be careful not to use your chopstick as a launch to stab a piece, and don ç t soak it in soy sauceã, itams also important to finish all The food on your plate in Japan to avoid a Mottainai, ã whence is the feeling of having something lost or repentance. Thailand when ordering with a group in Thailand, be aware that the dishes will be shared between everyone on the table. Although there is a lot of conversation when passing the dishes around, chew the food calmly. Make your best not to eat with the fork, using only the boosting food for your spoon. If you are the guest of honor, be ready to deliver a short toast to end the meal. European Dining Customs in comparison with AMEMãO, the European countries are a little more rigorous about label next to the tables and keeping your elbows off the table. Avoid this error by supporting the wrists on the edge of Tablea dinner. Most of the European dining tag follows the style the-style, continental, in which the knife is performed with the left hand and the fork with the right hand all the time you are eating. Meals tend to last longer in European countries, so that they will have to sustain these label practices through various courses: United Kingdom to enjoy a good fish and fries meal O, you have to know ways at the table. English is not changing your fork and knife is and always passing the dishes that serve to the left in a time. The head of the table is the most honored position, usually reserved for the host, with guests of honor sitting at the left and right of the head of Tablea s. Greece to the contrary of the United Kingdom, in Greece the placement of the highest honor for dinner guests are in the middle of the table, flanking the host that is in the center. You should not get to eat until your invite hostesses that you dig, but once you start, you stop t. Taking second and third portions is a great compliment for your Greek welcome, Donã ç "" t be surprised if more food is offered with insistence. Germany when you walk in most German restaurants, sit instead of waiting to be directed to a table. After getting dinner rolls, you should separate them manually, but that is the only German time, allowing to eat with fruits even your mother's hands and sandwiches are eaten with a fork and knife in Germany. If you are eating fish in Never cut with anything beside a fish knife. Use two forks to eat the seafood if a fish knife is not offered where you ã ç re-dining. The ways of the customs table of the North America in the North America are widely based on European customs, that is, the continental style is widely accepted. Alphanic dining in North America are more relaxed than other countries, but there are still some label rules to join. Here is how the dinner tag can vary according to the country in the North America: Canada at a dinner in Canada, wait to start eating until your host is starting to eat. Follow the advantage of your host on whether or not to eat a plate with your hands, which will be an extremely rare occurrence. Make your happy hostess eating everything on your plate and expressing your diversity from the meal. If you are served a kind of food that you do not particularly take care of, try to avoid it dishrshellyan, and probably no one will call no attention to it. Be aware that the dining label rules are a little more formal in Quebec than the rest of the Canadian. Amany after sitting in an American restaurant, immediately place the napkin on the lap and wait to start eating until everyone has received their food and the host took off the first bite. While eating, or continental now American Styleh, holding fork as a pencil is permissible, Americans tend to eat faster than those of other countries, such as dinner is often more about eating than feeding and socializing. This means that guests are expected to arrive in time so that the meal can be started promptly. Mexico on the meal, the meal starts at the moment at your host says, Buen Provelo! Once your host has invited him to eat and the meal officially started, it ç s looked up to leave the table or dinner party until concluding. Don t be surprised if a salad is served after the main course, since this is a common practicion in the motion. To be polite, try to leave a small portion of food on your plate after you have just eaten.
