Visit our press office for key media contact information, as well as Frontiers' media kit, including our embargo policy, logos, key facts, leadership bios, and imagery. SABINET African Journals (formerly known as SA ePublications) A full-text collection of more than 430 African and Southern African journals focusing on information originating from or pertaining to Africa. SABINET Online A multidisciplinary collection of bibliographic reference and South Africa journal databases Sabinet Open Access Journal Collection A multidisciplinary collection of South African full open access journals. Includes titles that are accredited by the DHET; full text availability varies according to title with journals going back to 2000 SACat SACat reflects the collection of libraries in Southern Africa and contains bibliographic information referring to books, periodicals, audiovisual items and other information material. SAE Technical Papers (Society of Automotive Engineering) Full text access to the Technical Papers of the Society of Automotive Engineering, 1998- present. Covers the fields of aerospace, automotive and commercial-vehicle engineering. SAGEoLit A bibliographic database of journal articles, symposia, reports and maps held by the South African Council for Geoscience. Strong emphasis on Africa SAGE Journals Online A multi-disciplinary database providing full-text access to over 400 of the journals published by SAGE from 1999- present Sage Research Methods Core Sage Research Methods is a tool designed to help researcher explore methods concepts, design research projects, understand particular methods or identify a new method, conduct their research, and write up their findings. The core subscription provides access to the e-book, reference and e-journal content only. It focuses specifically on research methodologies, and is not limited to specific disciplines. SA Media A full-text collection of South African publications - chiefly newspapers and periodicals - from 1978 onwards SANB (South African National Bibliography) The South African National Bibliography (SANB) is an accumulation of the bibliographic records of all items published in South Africa. SciDev.Net The overall aim of the Science and Development Network (SciDev.Net) is to enhance the provision of reliable and authoritative information on science- and technology-related issues that impact on the economic and social development of developing countries. ScienceDirect A multidisciplinary database providing full-text access to journals published by Elsevier, including the archival back issues. Strong in scientific, technical and medical (STM) literature, but also covers Arts, Humanities and Social sciences. Excludes association titles. SciFinder-n **First-time users will need to register and create an account in order to access the database A core research tool for chemistry, biochemistry, chemical engineering, materials science, nanotechnology, physics, environmental science and other science and engineering fields. The database has five components: Chemical Abstracts (CAplus) A bibliographic database that indexes journal articles and patent records, as well as conference proceedings, technical reports, books, dissertations and meeting abstracts CAS registry A comprehensive list of organic and inorganic substances and sequences dating from 1957- present CASREACT A database of single and multi-step reactions indexed from journal articles and patents dating from 1840- present CHEMCATS A catalogue of commercially available chemicals from more than 900 commercial chemical suppliers CHEMLIST A database of substances regulated national and international agencies. Includes the EINECS and Toxic Substances Control Act (TSCA) Inventory Scitable Scitable is a free, online educational resource for undergraduate biology students and educators. Currently focused on genetics. Scitable combines authoritative scientific information with social media functionality. Scitable provides students with free online access to more than 180 overviews of key genetics concepts. The overviews are evidence-based and have been vetted by Nature Publishing staff. By connecting with other Scitable users via groups, chat functionality, and other social media features, students can collaborate online with classmates or with a wider community of experts, researchers, and fellow students. SCOPUS Scopus is the largest abstract and citation database of research literature and quality web sources. It is designed to find the information scientists need. Quick, easy and comprehensive. Scopus provides superior support of the literature research process. SIAM Journals The Society for Industrial and Applied Mathematics (SIAM) has a comprehensive publishing program in applied and computational mathematics, and publishes eighteen peer-reviewed research journals. South African Freedom Struggles (DISA) A Guide to South Africa s Struggle for Democracy; anti-apartheid periodicals 1960-1994. South African Institute of Race Relations Full text access to the publications of the SAIRR. The Institute publishes widely on education, the economy, business, employment, crime, demographics, health, welfare, and politics, and provides commentary on government policy proposals and legislation. South African National Standards Provides full text access to the complete collection of national regulations and guidelines issued by the South African Bureau of Standards. The standards are specifications, codes of practice, and standardized methods that relate to products or commodities. They include descriptions of the commodities, their method of manufacture, handling, materials, properties and other relevant aspects Springer Materials Archive (1961-2017) A comprehensive materials science database providing information on materials, their properties, and uses, drawn from the Landolt-Börnstein series from 1961-2017. SpringerLink A full-text, multi-disciplinary database providing electronic access to all the materials published by Springer Stat!REF STAT!Ref will answer all of your clinical and medical questions quickly and accurately. Subsidie The Database of Approved Research Periodicals (NASOP 02-014) is compiled by the personnel of the Library and Information Service at the University of the Orange Free State. It lists all periodicals approved as research platforms. This database is also known as Subsidie. Digital Scriptorium is unavailable until Fall 2022 due to a platform migration. Collection of books and images documenting the history of art, architecture, photography, and design. About A&AePortal Abstracts of anthropological scholarship and related subfields, including cultural anthropology, physical anthropology, archaeology, and linguistics. About Abstracts in Anthropology Thousands of North American and international newspapers, plus hundreds of wire services and broadcast news transcripts. About Access World News Pamphlets, letters, newspapers, and oral histories documenting life in major African American communities since the early 19th century. About African American Communities Digitized primary sources depicting key events in European maritime exploration from 1410-1920. About Age of Exploration Research covering all aspects of agriculture and related sciences. About Agricola A comprehensive resource for information about all the species and subspecies of living lorises, galagos, lemurs, tarsiers, monkeys, and apes. About All the World's Primates Collection of over 1,100 digitized American magazines and journals originally published between 1741 and 1940. About American Periodicals Every legislative and executive document of the first 14 U.S. Congresses, 1789-1838, plus additional materials such as speeches and messages of Presidents. About American State Papers, 1789-1838 Digitized primary sources depicting the history of westward expansion in the United States from the early 18th to the mid-20th centuries. About American West Scholarship on all aspects of animal behavior, including applied ethology, behavioral ecology, genetic influences, neurophysiology, and related fields. About Animal Behavior Abstracts Critical reviews of primary research in the biomedical, life, physical, and social sciences. About Annual Reviews Journal articles, reports, and commentaries in the fields of anthropology, ethnology, archaeology, folklore, and material culture. About Anthropology Plus A collection of all past and current publications of the American Anthropological Association, including journals, newsletters, bulletins, and conference proceedings. About AnthroSource Covers trade, technical, and scientific literature concerning all aspects of water resources. About Aqualine (Open Access) A centralized tool for discovering archival materials held by over 1,000 libraries, museums, archives, and historical societies worldwide. About ArchiveGrid Primary sources documenting, from a Western perspective, the political, social, and cultural history of Japan from the 1400s to the 20th century. About Area Studies: Japan A digital image library in the areas of art, architecture, the humanities, and social sciences with a set of tools to view, present, and manage images. About Artstor (Open Access) Free online archive of preprint and postprint manuscripts in physics, mathematics, computer science, and quantitative biology. About arXiv.org Reports, working paper series, and journals covering business, economic, government, political, and social issues related to the nations of Asia-Pacific. About Asia-Studies Full-Text Online Narrative films, documentaries, and short films by independent Asian filmmakers depicting contemporary Asian culture and society. About Asian Film Online Collection of industry-leading standards and technical engineering information. About ASTM Compass Index to journal articles, book reviews, and collections of essays in all fields of religion written from the 19th century to the present. About Atla Religion Database Audio lectures for continuing medical education in anesthesiology, internal medicine, obstetrics & gynecology, orthopedics, otolaryngology, and psychiatry. About AudioDigest Publications of the Biblical Archaeology Society, which cover ancient Israel and other lands and peoples portrayed in the books of the Bible. About BAS Library (Open Access) Contains peer-reviewed open access research in biomedical sciences and a broad range of scientific areas. About BioMed Central (BMC) A collection of peer-reviewed journals in the biological, ecological, and environmental sciences published by various small scientific societies and nonprofit publishers. About BioOne Complete (Open Access) Free online archive of unpublished preprint manuscripts in the life sciences. About bioRxiv Plays written from the mid-1800s to the 21st century by playwrights from North America, English-speaking Africa, the Caribbean, and other African diaspora countries. About Black Drama Non-fiction writing by leading figures in African American life and culture, including Frederick Douglas, W.E.B. Du Bois, Ida Wells, A. Phillip Randolph, Martin Luther King, Jr., Jesse Jackson, and hundreds of others. About Black Thought and Culture Specialty board review resources for use by physicians, nurses, medical students, and other healthcare professionals to study for various medical, nursing, and dental board licensing examinations. About BoardVitals A test question bank on the BoardVitals platform. About BoardVitals OBGYN Collection of medical, nursing, and pharmacy texts from a variety of publishers. About Books@Ovid Periodicals published from the 17th through the early 21st centuries, but primarily during the 19th century, that broadly cover humanities disciplines. About British Periodicals Covers business and management topics, including accounting, banking, economics, finance, international trade, marketing, and public administration. About Business Source Premier The most comprehensive index of English language books, periodical and newspaper articles, government publications, and archival materials printed in the 19th century. About C19: The Nineteenth Century Index Covers the applied life sciences including agriculture, environment, veterinary sciences, applied economics, food science and nutrition. About CAB Abstracts CADRE is a platform for text- and data-mining of large datasets, including Web of Science, Microsoft Academic Graph, and U.S. Patent and Trademark Office data. About CADRE Books in the Cambridge Histories series on subjects ranging across the humanities, social sciences, and the arts. About Cambridge Histories (Open Access) Selected citations to journal articles, books, and newspaper articles about the city of Camden, New Jersey. About CamdenBase Educational resources produced by the American College of Cardiology (ACC), including self-assessment and test preparation activities. About CardioSource Plus Index of worldwide chemistry literature accompanied by chemical structures, reactions, suppliers, biosequences, and retrosynthetic analyses. Registration required. About CAS SciFinder-n Studies from many diverse disciplines relating to chemoreception, the physiological process through which organisms respond to chemical stimuli. About Chemoreception Abstracts A collection of Chinese scholarly journals. Rutgers can access the journals in the areas of literature, history, and philosophy. About China Academic Journals Digitized English-language pamphlets dating from 1750-1929 depicting, from a primarily Western perspective, the history and culture of China. About China: Culture and Society Digitized primary sources depicting, from a primarily Western perspective, trade and cultural exchange with China from the 18th through the 20th centuries. About China: Trade, Politics & Culture Nursing and allied health journals. About CINAHL with Full Text Digitized scores encompassing all major classical musical genres and time periods from the Middle Ages to the 21st century. About Classical Scores Library Information for clinical health care providers via an aggregated content service offering over 500 journals, 1,000 e-books, and 9,000 medical and procedural videos. About ClinicalKey (Open Access) Information on publicly and privately supported clinical studies on a wide range of diseases and conditions. About ClinicalTrials.gov Digitized collection of the materials on North American colonies held in the Colonial Office files at the National Archives of the United Kingdom in London. About Colonial America Abstracts of articles and books published in the professional literature of the communication field. About ComAbstracts Journals, conference proceedings, and technical reports covering all aspects of engineering. About Compendex (Open Access) The official website for U.S. federal legislative information. About Congress.gov Reports on the people, elections, and legislation in the U.S. Congress with accounts of every major piece of legislation considered during a congressional session. About CQ Almanac Weekly research reports focusing on recent news topics and issues of broad interest in the public policy sphere. About CQ Researcher Videos of dance productions and documentaries by the most influential performers and companies of the 20th and 21st centuries. About Dance in Video Data studies and data sets from over 300 data repositories worldwide, connected to scholarship published in journals, books, and conference proceedings. About Data Citation Index Datasets from a variety of authoritative sources on agriculture, commerce, education, health, labor, transportation, and more. About Data Planet Searches across over twenty dictionaries of the Latin language (including Latin-English and Latin-French dictionaries) for ancient, medieval, or modern Latin and for selected subjects. About Database of Latin Dictionaries Digitized primary sources depicting gender in British history, literature, society, and culture from 1450-1910. About Defining Gender Covers over 14 million basic inventions and 80 million patent documents drawn from over 50 patent-issuing authorities worldwide. About Derwent Innovations Index Classic source for biographical information on the United Kingdom and the British Empire. Typical entries include a brief bibliography and relevant archival sources. About Dictionary of National Biography Over 7000 scholarly journals published in Germany or neighboring countries in German, English, or other European languages. About DigiZeitschriften Database of dissertations and theses from institutions around the world, including records for international dissertations beginning in 1637 and U.S. dissertations beginning in 1861 (the year the first doctoral dissertation was accepted at a U.S. institution). About Dissertations & Theses Global Databases of scholarship on art history, archaeology, and the ancient world. About Dyabola Clinical reference tool integrating evidence-based medicine with practical information for clinical practice on more than 3,200 clinical topics. About DynaMed (Open Access) Historical public opinion polls on major policy concerns, key state issues, and political races of interest to New Jersey citizens. About Eagleton Poll Archive Digitized collection that includes virtually every work printed in England, Ireland, Scotland, Wales and British North America from 1473-1700. About Early English Books Online Digitized archives of the London administration of the East India Company and the pre-1947 government of India. About East India Company Research on all aspects of ecology, as well as evolutionary biology, economics, and systems analysis as they relate to ecosystems or the environment. About Ecology Abstracts An index of more than 1,000 international economic journals. About EconLit A collection of digitized play manuscripts, including nearly every play submitted for license in the U.K. from 1737-1824. About Eighteenth Century Drama A collection of digitized unique and rare periodicals representing the wide thematic and geographic range of English language print culture in the 18th century. About Eighteenth Century Journals English language and pharmacological research database. About Embase Digitized primary sources on the history of empires and empire building in the modern era, with primary emphasis on the British Empire. There are also materials on American imperialism. About Empire Online A reference source with articles covering all aspects of social work and practice, biographies of key figures in social work history, and references and links to social work resources. About Encyclopedia of Social Work (Open Access) Catalog of books, serials, pamphlets, & ephemeral materials printed from 1473 through 1800, including material printed in the British Empire as well as English-language material printed outside the British Empire. About English Short Title Catalogue (ESTC) Scholarship in entomology, including studies of insects, arachnids, myriapods, onychophorans, and terrestrial isopods. About Entomology Abstracts (Open Access) Cross-search over 30 National Center for Biotechnology Information (NCBI) databases. About Entrez Scholarship in the environmental sciences, including relevant research from the fields of atmospheric science, bacteriology, biology, biotechnology,
