I am slightly salty in losing my free day in this appropriate, half truth of the historical reports that Bradford provides. Much information is left out to maintain peace in the colonies, but the information provided shows that the Puritans think that all their actions are one hundred percent for the greatest good. The writing itself is not horrible, but Bradford's historical reports are very dry and while there are interesting things here and Late, of the Plymouth plantation is a little snail to overcome. Rating: 2 Stars4. New English extract Canaan from the third book (The Incident At Merry Mount)- Thomas Mortonread: 8/30/2017 Thoughts: Thomas Morton's Ma-Re Colony was the ruin of the colony of Plymouth by William Bradford. This extract covers the Maypole accident of which Bradford speaks in great contempt in his reports. On the other hand, Morton writes the story of him in a bright style; He loves to choose the Puritans of Plymouth and his style feels light and foolish while contacting the way the Puritans violated his own property, they accused him of crimes (which were ridiculous), and "arrested" and bringing him forcefully to Plymouth as in prisoner. It is very funny to read and it is one of the most simple historical reports that he has ever read. I flew through it and I really enjoyed Morton's style. Rating: 3.5 Stars5. "A Christian charity model" - John Winthropread: 8/30-9/2/2017 Thoughts: this is painful. It is so difficult to overcome. I don't care what it is and offers nothing, but being slapped with verses of the Bible. Winthrop's writing is dense and I'm sure this must have been an extraordinary sermon, but not all sermons are designed to read and this is one of those who remained better 1 star6. "The Wonders of the Invisible World" - Cotton Matherread: 9/6/2017 Thoughts: Mather's Tentation (and fails) in giving an impartial story of the Martha Carrier process during the Salem Witch tests. I have always been fascinated by this era of history and by many of the contents provided they show in which the Puritans were found and how easy it was to pin it on a poor woman not appreciated by the city and known for a great scandal. While Mather cannot be impartial in his summary of events, he is very fun to read and shows the tone of culture during the tests of the witches. Rating: 4 Stars7. "Sinners in the hands of an angry God" - Jonathan Edwardsread: 9/6/2017: I read it a couple of years ago in high school and then I could not stand it and I still can't stand it now. I reread some works that I did not initially like (Fahrenheit 451), but this is not one of these. In fact, I don't like it even more because I am more devoted to my Christian faith and this evangelical escape of an Iratic God who does not worry about you as a person, but only wants you to love him, I am not the God I know and Read in the Scriptures. Apart from this, Edwards's tyrannical racing did not work for him then and goes against him even more. Collection: 1 Star8. "Letters to his parents" -Rebecca Samuelmed: 9/9/2017 The life of a Jewish immigrant in the first America. It is nothing spectacular, but it is because this is a letter that should not be shared with the public. Evaluation: 3 stars9. "Reply to the Jacob cram missionary" - Sagoyewatharead: 9/9/2017 Thoughts: this is a wonderful and powerful speech. Sagoyewatha is a strong preacher and so many all -round and large points. I am surprised that it is not taught more on Sagoyewatha at school or laws more than him. I am so happy that we had to read this because it was wonderful. 5 Stars10.
